

NATIONAL FEEDER & STOCKER CATTLE SUMMARY - WEEK ENDING 06/04/2010

RECEIPTS:	Auctions	Direct	Video/Internet	Total
This Week	120,600	21,300	4,800	146,700
Last Week	214,900	37,800	50,000	302,700
Last Year	253,800	24,100	79,200	357,100

Compared to last week, auction feeder cattle and calves sold unevenly steady to 2.00 higher in a very light test. Many early-week salebarns were closed for the Memorial Day holiday and many others ran on reduced receipts as we enter the seasonally slow marketing period. Many livestock auctions have switched to a reduced schedule for early to mid-summer to save on expenses and pool cattle. Direct feeder trade was also slow, but trended weak to 2.00 lower for the week with most reported sales occurring early in the period and pressured by the lower CME Board. Available numbers of calves and yearlings have turned extremely tight after running well ahead of 2009 year-to-date receipts. This year's Memorial holiday week auction headcounts were over 27 percent lighter than last year's corresponding holiday week (which came a week earlier). Producers have pulled cattle forward to meet impressive price levels and the feeder cattle well has run dry. Money could bring these cattle back out of the bushes, but it will likely take a market that is at least as lofty as early May - otherwise sellers will just hold on to the cattle until late summer and take advantage of cheap pasture gains. Cornbelt grain farmers are responding as though they are expecting a bumper crop as independent farmer feeders are starting to outnumber order buyers at the sparsely scheduled upper Midwestern auctions. Over 1300 head of 800-950 lb top quality yearling steers averaged just over 109.25 on Wednesday in Ogallala, Nebraska. Feedlots sold cattle 1.00-1.50 higher this week from 94.00-95.50 as they try to rebound their cash market position after two straight weeks of sharp losses, but sizeable basis premiums for hedgers. Many feeder cattle producers and non-hedged cattle feeders wish that the commercial feedlots would drive a harder bargain from the packers, since showlists are fluorescent green and carcass weights are 18 lbs lighter than a year ago. But, seasoned feedlot managers know the importance of aggressively marketing their fed cattle and keeping their eye on the bottom line. This week's reported auction volume included 47 percent over 600 lbs and 43 percent heifers.
